### **Final communication re. CE marking of wood-wool cement panels**

The Danish Energy Agency (*Energistyrelsen*) was happy to receive the documentation submitted by TreeTops A/S in emails of 22 February, 18, 19 and 25 March, 18, 22 and 23 April, 20, 21, 22 and 31 May 2013 re. your wood-wool cement panels containing a copy of CE markings and declarations of conformity etc. for the above products.

The Agency reviewed the documentation submitted and found it satisfactory. On that basis, the Agency is of the opinion that TreeTops A/S has submitted documentation showing that wood-wool cement panels can be marketed and sold legally in the future.

On that basis, the Agency would like to express its thanks for your co-operation and now considers the matter closed. As part of the market monitoring, the Agency will conduct regular, random sampling of completed market monitoring.

Note that on 1 July 2013, the Construction Products Directive of 1 July 2013 will be fully replaced by the Construction Products Regulation which means, inter alia, that the EU Declaration of Conformity, for example, will be replaced by a declaration of performance. For further information, see [www.byggevaerinfo.dk](http://www.byggevaerinfo.dk)

Please send any comments and questions to Charlotte Kessy Jensen, email [MO-BYG@ens.dk](mailto:MO-BYG@ens.dk)

Yours sincerely,
